## The Sky Room

*Marriott Fairfield Inn and Suites — Times Square, 330 W. 40th St., nr. Ninth Ave.;*

Ceiling LED lights mimic the view of midtown on the 33rd and 34th floor decks of the Times Square Marriott. Designers Stephen B. Jacobs and Andi Pepper (who've also worked with the Gansevoort, Library, and Giraffe Hotels) split the massive bi-level outdoor area into five "terraces": One has a retractable glass roof, another features private cabanas.

*Opening late May.*
